

ABOUT US

Who We Are

IBAC is a packaging services company that specializes in managing the life cycle of our clients' Flexible Intermediate Bulk Containers (FIBC), commonly known in their respective industries as bulk bags.

What We Do

We supply your new bags; clean, renew, and recertify the used bags, and then retire and recycle them after their life cycle has been safely exhausted. While the benefits to what we do are many in number, our primary goal is simple — help keep our customers' bulk bags out of landfill.

Who We Service

IBAC services a wide range of markets, from agriculture to the oilfield and everything in between — any company that uses bulk bags in their supply chain will benefit from our services.

REDUCE WASTE

AND IMPROVE YOUR BOTTOM LINE

AN INDEPENDENT AND COLLABORATIVE VOICE

SERVICES

Bulk Bag Reclamation

With a quality reclamation program in place, your bulk bags can be safely re-used. Offering varying levels of service — from basic inspection to full service laundering — we can help you develop a custom reclamation program that best fits your application.

Flexible Intermediate Bulk Containers (FIBC)

Purchasing bulk bags and qualifying an FIBC supplier is not as easy as it might appear. With IBAC's extensive experience we can guide you to the best solution for your packaging requirements. We offer a full product line of bulk bags, including Groundable and Static Dissipative. Manufacturing: ISO Certified/AIB Certified/Clean Room.

Warehousing and Inventory Management

Convenient and economical — our facilities are in close proximity to the Houston Ship Channel and the George Bush Intercontinental Airport.

Consulting

Material handling, filling or discharging problems, packaging waste management, recycling — you can rely on IBAC's proven experience in these areas.

THE IBAC BULK BAG RECLAMATION PROGRAM
IS RESPONSIBLE FOR KEEPING MILLIONS OF LBS.
OF PLASTIC OUT OF LANDFILL YEAR AFTER YEAR.

Why Reclaim?

- Reduce packaging costs
- Increase per unit profitability of your product
- Increased market impact — value added
- Reduce landfill
- Environmentally proactive — a green company
- Everyone Wins

missiongreen

Let us help you reduce your carbon footprint and achieve your mission to become a greener company. IBAC proudly recognizes our partners for their commitment to environmental stewardship through our Mission Green program.
